Shabé Baraat is the night of safety from the punishment of Jahannam. Hazrat Aisha (r) said the prophet (s) said that there are 4 nights when Allah opens the doors of blessings; they are the nights of Id-ul-Adha, 'Id-ul-Fitr, Shabé Baraat and Arafat. Hazrat Jibril (as) told the prophet (s) that Allah frees as much people as the goats' hairs of Bani Qalb on that night. However there is no forgiveness for the unbeliever, the one who has rancour in the heart, who shatters family relationship, who wears long cloth out of pride, who disobeys parents, who drinks alcoholic drinks, who commits adultery, who draws faces of human beings, a soothsayer, a wizard, a musician and a tale bearer. Hazrat Dawood (s) asked Allah to forgive those asking forgiveness on this night. The prophet (s) advised to spend the night in ibaadah and to fast the next day. Hazrat Mufti Ahmad Yaar Khan (r) advised to infuse 7 leaves of lote (masson) in hot water and to perform ghusl with it on that night. In this way Allah will protect the person from black magic for 1 year.
